

Yamhill County Parks Recognition and Memorial Donation Program

On June 5, 1956, Edwin and Ruth Huber donated a 3.66-acre property that was to become Huber Park, Yamhill County's first park. Over the last fifty-plus years, more citizens donated lands and the park system has grown to include 17 parks and open space areas. The current park system provides countless opportunities for the passive and active recreational needs of the citizens of and visitors to Yamhill County. Yamhill County parks are diverse and in its settings one might imagine to see in the pastoral landscapes of Albert Bierstadt or the watercolors of Winslow Homer. The parks are nestled in stands of fir and oak savannas on the backroads and byways, most along a whispering creek or historic banks of the Willamette River.

Yamhill County Parks now offers an excellent opportunity for recognizing or memorializing a family member, friend, or organization, while helping to support recreational opportunities among Yamhill County's gorgeous landscape. Through the Recognition and Memorial Donation Program, participants select an item to be donated and a message to be inscribed in a brass plaque. The plaque will be placed on the donated item, which will then be installed in one of the County's beautiful parks. Our offices will arrange the order and shipment of products. One half of the total payment is due before anything is ordered. It will usually take about 15 weeks for shipment to reach our offices. Before installment of the donated item the total payment is due. Donators may suggest a park for placement; however, placement will depend on the park's needs, limitations, and layout, and is subject to approval. The placement of the benches will be put in safe environment, but future plans or activities may result in the relocation. The county may not be held accountable, or guarantee against, vandalism or damage. Donations may be tax deductible, please consult your local financial planner.
