

Proposal
Yamhill County Fair Board
To
Yamhill County Board of Commissioners

Request;

At its August 17, 2023 regular meeting of the Yamhill County Fair Board, the board discussed requesting the BOC increase the board size from 5 to 7 members. The reason for this request is the ability to have a quorum each month as some members have had to miss meetings because of personal issues. The board also thought that due to the size of the fair and continuing event center activities that each member would be issued an area of responsibilities, as was done with fair boards of the past.

Justification for this change is authorized per.

ORS 565.210 (2)

Except as provided in [ORS 565.265 \(Abolishment of county fair board\)](#), in counties holding county fairs, the county court of such county shall appoint a board consisting of not less than three nor more than seven members, to be known as the county fair board. Members of the county fair board must be residents of the county, except that the county court may elect to appoint not more than one board member who is a resident of an adjoining county. When the first members of the board are appointed under this section, one member shall be appointed for a term to expire the January next following appointment, one for a term to expire one year from the January next following appointment, and one for a term to expire two years from the January next following appointment. In addition to the three members, the county court may, at any time, appoint not more than four additional members, the fourth and sixth members to be appointed for a term to expire one year from the January next following appointment and the fifth and seventh members, if any, for a term to expire two years from the January next following appointment. Annually thereafter, at the first meeting in January, upon the expiration of the term of a member, a successor shall be appointed to serve for three years.
