SHERIDAN FIRE DISTRICT

Measure No: 36-186

Caption: Renewal of current five - year local option levy for operations

Question: Shall district impose \$.35 per \$1000 of assessed value for basic operations to continue for five years beginning 2017-2018? This measure renews current local option taxes.

Summary: The district needs additional funds to maintain current levels of service & basic operation. This local option levy renewal would begin in fiscal year 2017-2018.

The Board of Directors have determined that a need exists to replace older equipment, primarily engines that are 20 to 35 years old. The second ambulance chassis is 10 years old. The box remounted on it, that is now 23 years old. 12 breathing apparatus have been placed out of service this year. These do not meet the current NFPA standards and require replacement to complete the needed inventory. Major maintenance is needed to the 35 year old main station and aging substations at Buell and Ballston. Current reserve funds are insufficient to meet the needs. Renewal of local option levy would provide the funds for those purposes.

Proposed rate would raise approx. \$128,903 in 2017-2018; \$132,770 in 2018-2019; \$136,753 in 2019-2020; \$140,855 in 2020-2021; \$145,080 in 2021-2022.
