

City of Dayton

Measure No: 36-206

Caption: FIVE YEAR LOCAL OPTION TAX FOR POLICE SERVICES

Question: Shall Dayton levy \$2.30 per \$1,000 assessed property value each year for 5 years for police services beginning 2022-2023? This measure may cause property taxes to increase more than three percent.

Summary: The proposed levy would fund the current Yamhill County deputy sheriff to provide police service exclusively in the City and could include the following services: Municipal Court, Court/Records Clerk, Code Enforcement Officer, 9-1-1 services and support services.

The City contracts these services out through an intergovernmental agreement with Yamhill County and receives numerous public safety benefits for the cost of service.

The City's current law enforcement local option tax will expire June 30, 2022. The current tax funds one full-time sheriff deputy and one half-time code enforcement officer. It also funds Municipal Court, 9-1-1 services and support services. This increase in the local option tax for the first time in 14 years is to maintain current service levels.

The estimated total amount of the levy is \$322,173 per year for 5 years. A home assessed at \$100,000.00 would pay \$230 annually.

The estimated tax cost for this measure is an ESTIMATE ONLY based on the best information available from the county assessor at the time of estimate.

Tualatin Valley Fire and Rescue

Measure No: 34-308

Caption: Authorizes General Obligation Bonds For Emergency Service Investments

Question: Shall TVF&R issue general obligation bonds to fund fire station improvements, replacement vehicles, training center upgrades, and land?
If the bonds are approved, they will be payable from taxes on property or property ownership that are not subject to the limits of sections 11 and 11b, Article XI of the Oregon Constitution.

Summary: This measure authorizes Tualatin Valley Fire & Rescue (TVF&R) to issue up to \$122 million in bonds to finance capital costs, including:

- Replacement of response vehicles reaching the end of their useable life.
- Fire station improvements.
- Rebuilding the King City fire station.
- Relocating the Aloha fire station.
- Safety upgrades for TVF&R's training center where responders are trained in fire suppression, emergency medical care, technical rescue, hazardous material response, and other emergency skills.
- Land for future construction of fire stations in growth areas.
- Site improvements, equipment, and bond issuance costs.

Bonds would mature over not more than 15 years and may be issued in series. Due to declining debt service on existing bonds, the measure will not increase TVF&R's bond tax rate above the current rate of \$0.1415 per \$1,000 AV unless assessed property values decline. For property assessed at \$300,000, about the average in TVF&R's service area, the bond cost is estimated to be \$42.45 per year or \$3.54 per month. Actual rates may vary based on interest rates and changes in assessed value.
