 DAYTON SCHOOL BONDS TO INCREASE SAFETY;UPDATE, REPAIR, SCHOOLS, FACILITIES

**Question** 20 words which plainly phrases the chief purpose of the measure.  
 Shall Dayton School District repair, update schools, classrooms; issue \$11,000,000 in general obligation bonds estimated to maintain current tax rate? If the bonds are approved, they will be payable from taxes on property or property ownership that are not subject to the limits of sections 11 and 11b, Article XI of the Oregon Constitution.

**Summary** 175 words which concisely and impartially summarizes the measure and its major effect.

If approved, bonds and grants are expected to:

- Remove, dispose of asbestos; repair, replace damaged flooring, ceilings, and roofs;
- Upgrade electrical, technology connectivity, plumbing, HVAC, and fire alarm systems;
- Replace inefficient windows, insulation, and lighting, retrofit for seismic;
- Upgrade security, including reconfiguring offices and entry ways, creating more secure school entries with fencing, gates, key card access, and cameras;
- Renovate, reconfigure, and construct additions to library and classrooms;
- Replace JH/HS old gym bleachers, JH/HS track surface, and add parking to JH/HS gymnasium;
- Renovate special education classrooms and restrooms providing ADA access; and
- Purchase furniture, fixtures, equipment; make site improvements for projects; pay issuance costs.

The District is expecting a \$4 million matching state grant if voters approve the bonds. Bonds include accountability mechanisms such as a citizen oversight committee and annual audits.

Overall bond tax is estimated to continue at the current rate of \$2.83 per \$1,000 of assessed property value. Actual levy rate may differ due to interest rate changes and/or assessed value. Bonds would mature in not to exceed 21 years from issuance.
