County Commissioners are supposed to be nonpartisan. You three are in no way nonpartisan. You are giving millions of dollars in tax credits but can't find the money to fix a culvert? What about State or Federal money? We are tired of paying our tax dollars and then more dollars because you want YC to be separate. Why? Because that way you don't need to answer for your actions?

Keep your hands off our parks and public lands.

And no I didn't vote for any of you and won't again unless you take your job seriously.

The proposed sale of the Dundee park must not happen. Yamhill county residents have a right to enjoy public spaces in this county. As our board of commissioners, it is your duty to actively seek opportunities to expand access to public lands for all of Yamhill county. As a rural county, it is even more important that every person has the opportunity to live full, enriched lives which include access to nature and the opportunity to exercise outdoors in an environment free of the dangers of cars.

The fund required to fix the culvert in the Dundee park could easily be raised by a bond. Let the citizens of Yamhill county decide the fate of the park.

Thank you,
Vince Kelsey, Yamhill resident

Subject: Public Comment- Hands off our Parks!!!

Caution: This email originated outside of the Yamhill County email system

It is my understanding that you are considering selling off one of our cherished Yamhill County Parks because you have been so completely irresponsible and corrupt in handling our public money that you don't have the money to replace a culvert. What??? You don't have the money to replace a culvert??? Let me say that one more time. What??? You don't have the money to replace a culvert? Isn't that basic budgeting?

If our county is that broke, what were you even thinking when you granted a multi million dollar tax break to a lumber mill? The level of irresponsibility here is just mind boggling.

This is so unbelievably stupid and ridiculous I can hardly even fathom it.

HANDS OFF OUR PARKS!!!!!!

Very Sincerely,
Joni Zimmerman

To: Yamhill County Commissioners

Do not sell county park property. We have very little open space, and maintenance issues should be discussed and dealt with in a professional manner, with full involvement of constituents.

Respectfully,
Jeanie Taylor
Yamhill Co resident

To the Board Of Commissioners,

I am very much against selling off our County Park Land.

It is very important that we keep our parks and green space. They are vital to the health of our area, and the people and wildlife that live here.

Instead of selling it, possibly it can be maintained at a lower level until a way to bring it back up to full use can be figured out.

Thank you,

Louise Warren

The recent approval of a SIP to a private company without discussing the impact of millions of dollars on the county budget was not in the best interest of the citizens of Yamhill County. Neither is potentially selling public park land, especially to a private entity.

The Commissioners were elected to serve the people of the county, not the specific personal friends and family members of the Commissioners themselves.
