State of emergency? Please. I am old, struggling with cancer, and am immune compromised. If I get COVID, there is a 90% chance it will be from someone unvaccinated and I could very well die. Where's my freedom?

Good Day Commissioners,

I am writing to inquire about the BOC's Economic Development Liaison. Attached are the official Areas of Liaison document from the County website. I noticed that no one was listed.

I had reached out several times to meet with Commissioner Berschauer regarding Economic Development this past year as I thought she was the official liaison, but never heard back about a meeting.

I was excited to attend another EDAC meeting this past week to discuss the strategic activation of ARPA funding for the county economy. I was pleasantly surprised to see Commissioner Berschauer in attendance and wondering if there has been an official BOC liaison appointment?

I hope the BOC continues to be engage with the EDAC in a proactive manner. Our local economies and workforce need and deserve a collaborative, proactive strategic plan to ensure the greatest impact to our citizens.

Thank you for all your hard work.

Sincerely,

Jeff Knapp | Executive Director

Thank you Abisha and EDAC committee for putting this work together. I look forward to discussing it tomorrow during our BOC meeting.

Jeff, thank you and I look forward to listening in on this group's discussions in the future as we tackle ARPA allocations. Yes, I am the EconDev liaison and in reviewing my emails, the last communication I

have from you was an exchange we had on February 12th. Please advise if you have since tried to reach out, as I did not receive it. Past communications have been primarily through Abisha as our SEDCOR representative.

Again, thanks for the great work and I look forward to next steps!

Subject: Re: Draft Recommendation for the BOC

Importance: High

[This email originated outside of Yamhill County]

Abisha,

Apologies for not responding sooner. I did not have any edits.

I do want to thank you and everyone involved in the thoughtful approach to the use of these critical resources for businesses in our County.

I also wanted to thank Commissioner Berschauer for attending the meeting and for engaging in strategic conversations surrounding these vital Economic Development resources with the County EDAC. I believe this is the first EDAC meeting that we have had Commissioner representation or engagement with in the last year.

These grant dollars will be a great start in making economic impacts in our County, but there is much work to be done after this investment.

Question to Commissioner Berschauer: I assumed that you were the official Board liaison to the EDAC, but when I looked at the official BOC Areas of Liaison attached here, I did not see an assignment.

Perhaps that is why I haven't been able to connect with you about Economic Development issues despite several emails?

Could you clarify and let us know who best to connect with on the BOC in matters pertaining to Economic Development support and strategy and if we might expect to have you engaged regularly with the EDAC moving forward? A proactive, data-driven strategy leveraging all the partners we can could really benefit our County. Thanks for all your hard work to support our County.

Sincerely,

Jeff Knapp | Executive Director
