

OR 18 Ash Road to McDougall Junction

Region 2: Willamette Valley and Northwest Oregon (Dayton, Yamhill)

This ODOT project will repair two bridges in Yamhill County on OR 18; the Yamhill River Bridge (milepost 51.55) located near Dayton and OR 221 overcrossing at milepost 51.37, and pave the section of road between milepost 50.1 and 52.71.

Traffic Impact

From May 5 to May 23, the OR 18 Ash Road to McDougall Junction Project will require travelers to detour eight miles around the closure. The detour takes eastbound traffic on OR 154, north to Lafayette and east on OR 99W to McDougall Junction. The detour is in reverse for travelers from the Dundee area. Local traffic will be able to travel to and from Dayton on OR 18 from OR 154 to the OR 18/OR221 (Salem-Dayton Highway) interchange.

The three week full closure will be continuous (24 hours a day) Monday through Friday at 6 a.m. each weekday. The roadway will be open each weekend for normal travel. Prior to May 5 and after the full closure, there will be periodic night time one lane closures on OR 18 from Sunday night at midnight to 5 a.m. Monday, and nightly Monday through Friday from 7 p.m. to 5 a.m.

Travelers should expect up to 20 minute delays during these lane closures.
