Excellence in Education – Amity has a great school district. We have some of the best educators working right here in our community. We have some of the best facilities for a small school district. Can we do better??? I'd like to strive for improvement. I will work to set district goals and publish our measured results.

Community Participation – Amity is a great place to have our children grow up. My wife and I chose Amity for a place to live in 1990 and have two children at Amity Elementary. We got involved to make a difference. My wife, Celeste, started Amity Community Pre-school. I have been participating at school board meetings over the past 4 years. If elected, I will bring your voice to the school board. Together we can achieve the best possible education for our children.

Highest Standards – I hold the highest standards for our children, teachers and administrators. We need to challenge our children to excel. We need to challenge our educators to develop the best possible programs. We are shaping our future leaders and they need to be prepared.

Budgets – state funding limits our programs. I will work to improve our programs from within.... community involvement and cost sharing is the practical answer. I have worked on school board budgets and know Amity schools run efficiently. I will work to provide the best possible programs within our budget. Cutting more programs will crush the public education system in Amity.
