Explanatory Statement:

Approval of this measure would establish a two-year prohibition on psilocybin product manufacturers and psilocybin service centers within the City of Willamina. Psilocybin is the psychedelic drug derived from certain mushrooms.

Oregon voters legalized psilocybin through Ballot Measure 109 in 2020, which directs the Oregon Health Authority (OHA) to develop a psilocybin licensing and regulatory program for the state by January 2, 2023. As a result, OHA intends to begin accepting applications for licenses for psilocybin product manufacturers and psilocybin service centers in January, 2023.

Ballot Measure 109 allows a local government to adopt an ordinance to be referred to the voters that prohibits the establishment of psilocybin-related businesses. The Willamina City Council has adopted such an ordinance to prohibit the establishment of psilocybin product manufacturers and psilocybin service centers within the City of Willamina until December 31, 2024.

Ballot Measure 109 also allows a local government to adopt reasonable time, place and manner restrictions on the operation of psilocybin facilities. Because these regulations typically result in amendments to the city's development code, the process to enact changes requires notice to the state as well as hearings before governing bodies. The temporary prohibition proposed by this Measure is intended to provide extra time to consider and enact such regulations before OHA issues licenses for psilocybin facilities in the City.
