

# NATURE NEEDS YOU!

Help determine how funds are used to care for natural resources while benefiting local economies — as a Resource Advisory Committee member. Committee members come from all walks of life and help federal land managers allocate funds used for:

- watershed rehabilitation
- invasive weed removal
- road maintenance and more
- projects on and off federal lands

The Siuslaw National Forest manages 630,000 acres along the Oregon Coast and is recruiting new RAC members:

- meet once or twice annually
- work with other committed individuals
- tour improvement projects

**APPLY TODAY!**

Application materials are available at  
[www.fs.usda.org/siuslaw](http://www.fs.usda.org/siuslaw) or  
by calling 541-750-7075.

for the greatest good
